Letter from the Chair of the
Towson University Department of History

It has been an honor to accept the position of Chair of the Department of History at Towson University.

Note From the Editor

It has been an honor to take on the prestigious position of Editor for the

Lewis and Clark encountered the diplomatic pipe ritual while traveling

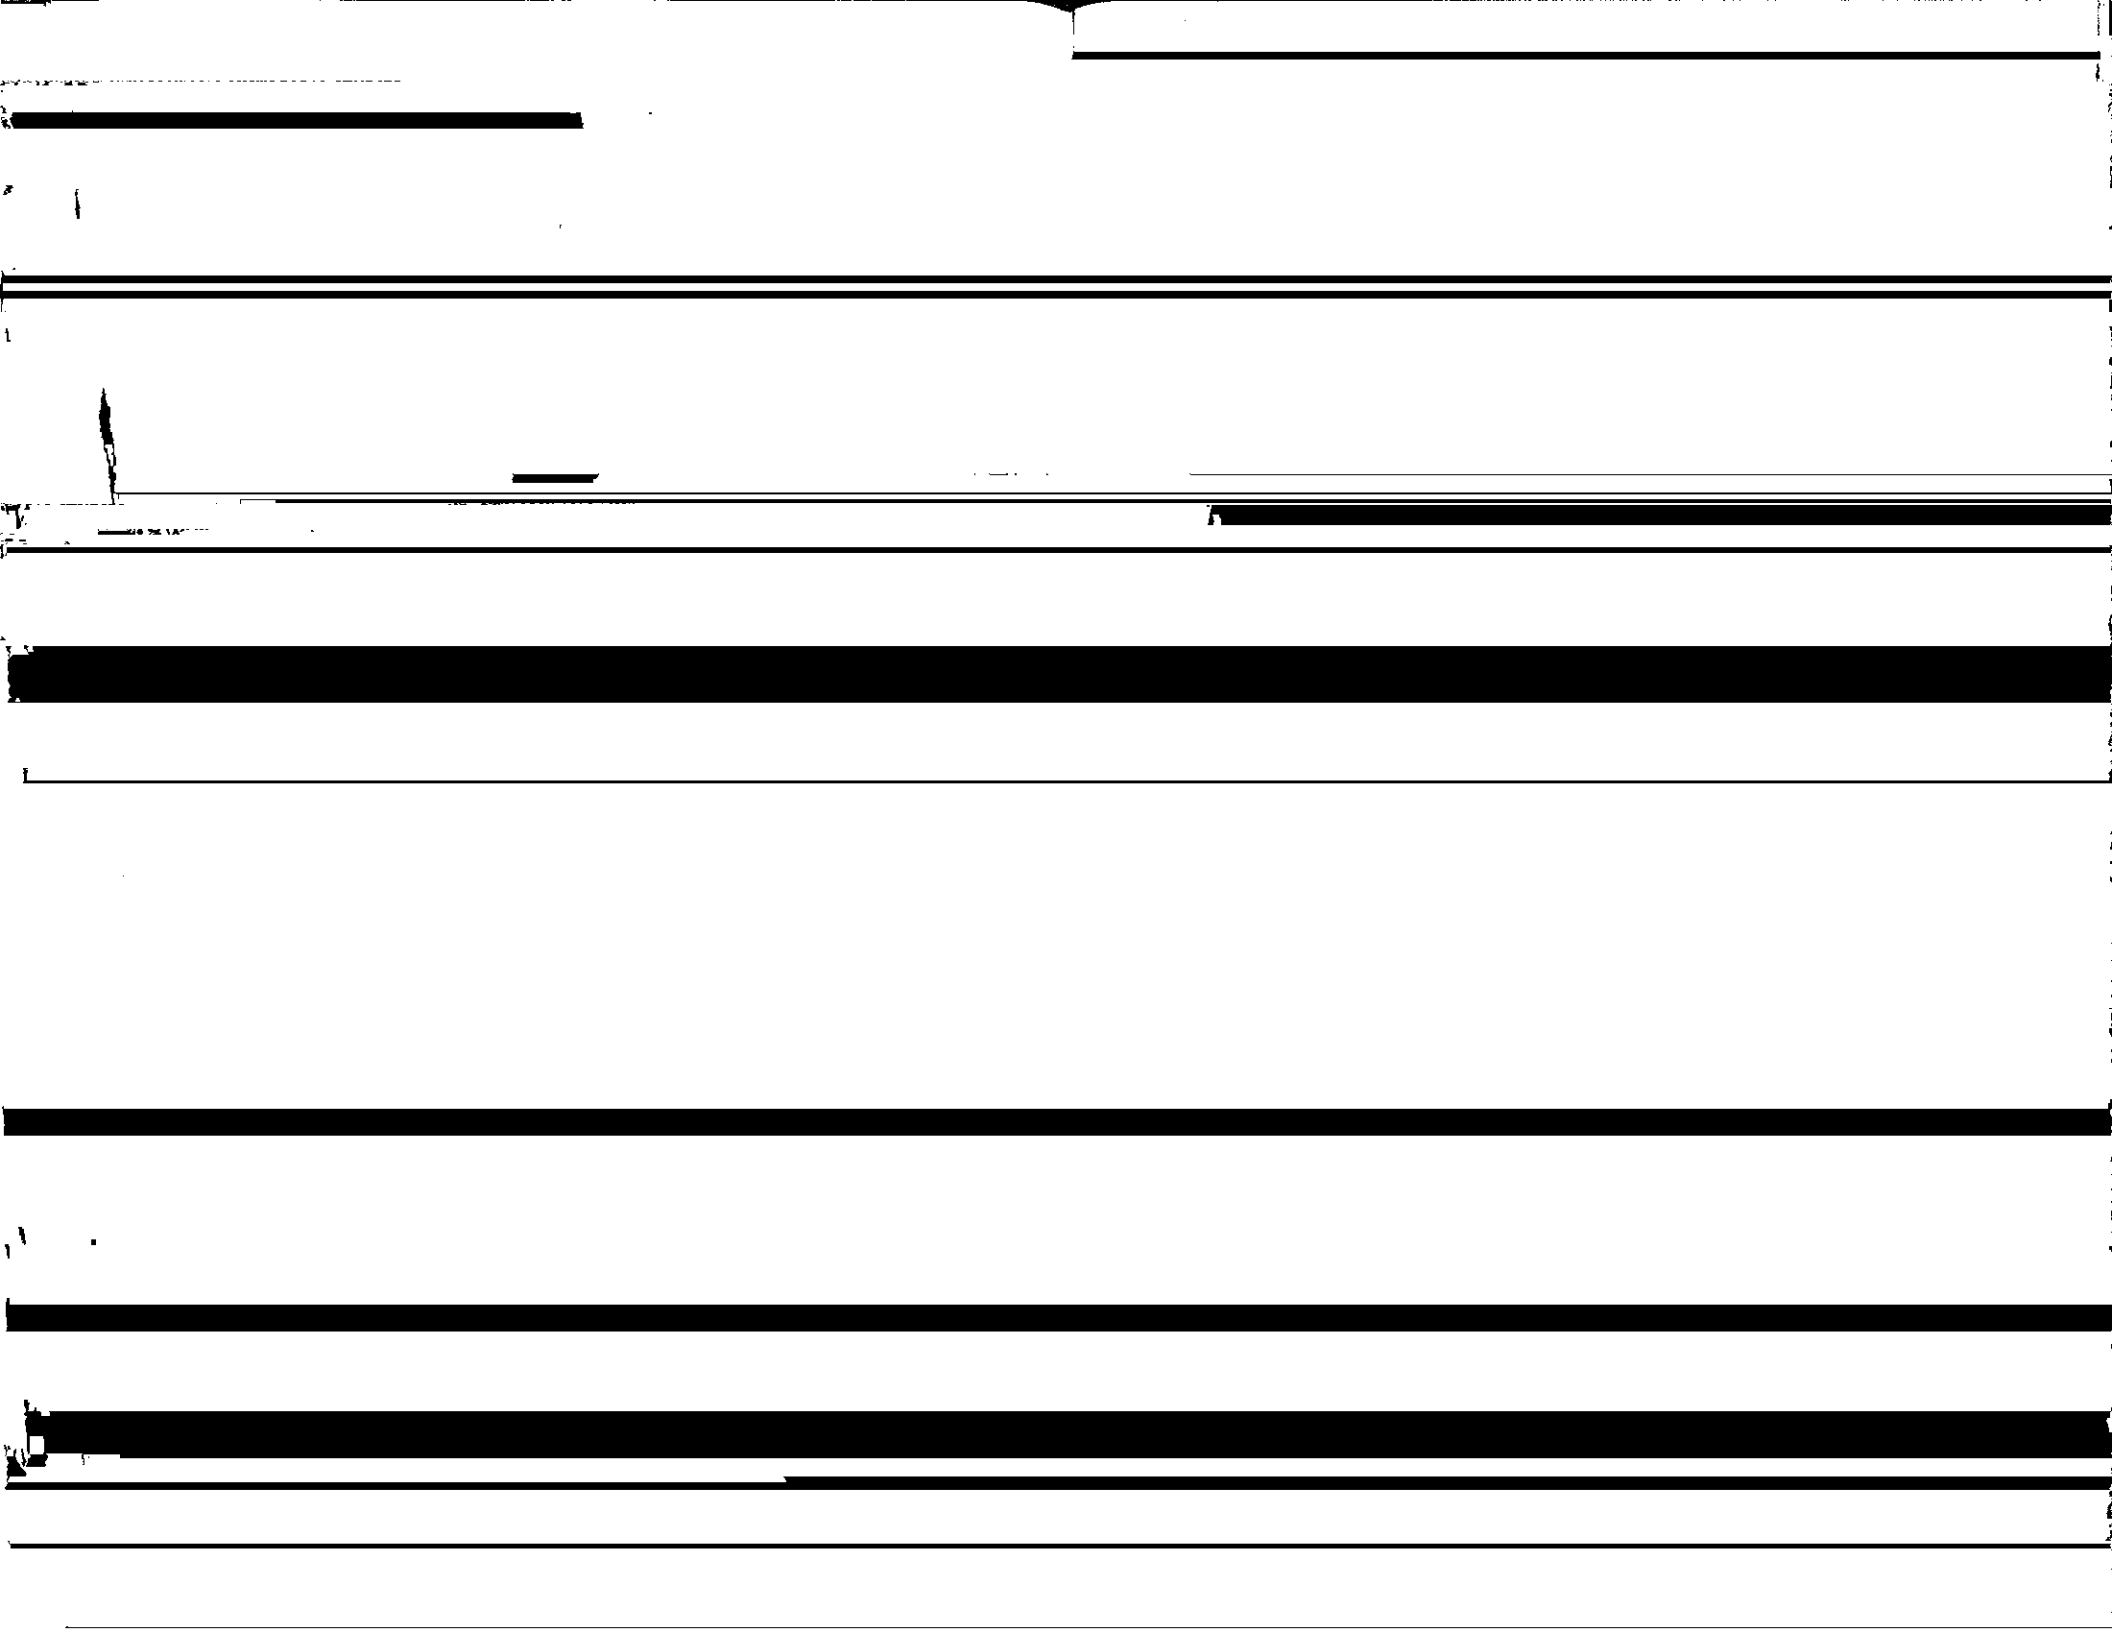

an outbreak of disorder between both peoples. Lewis and Clark often took

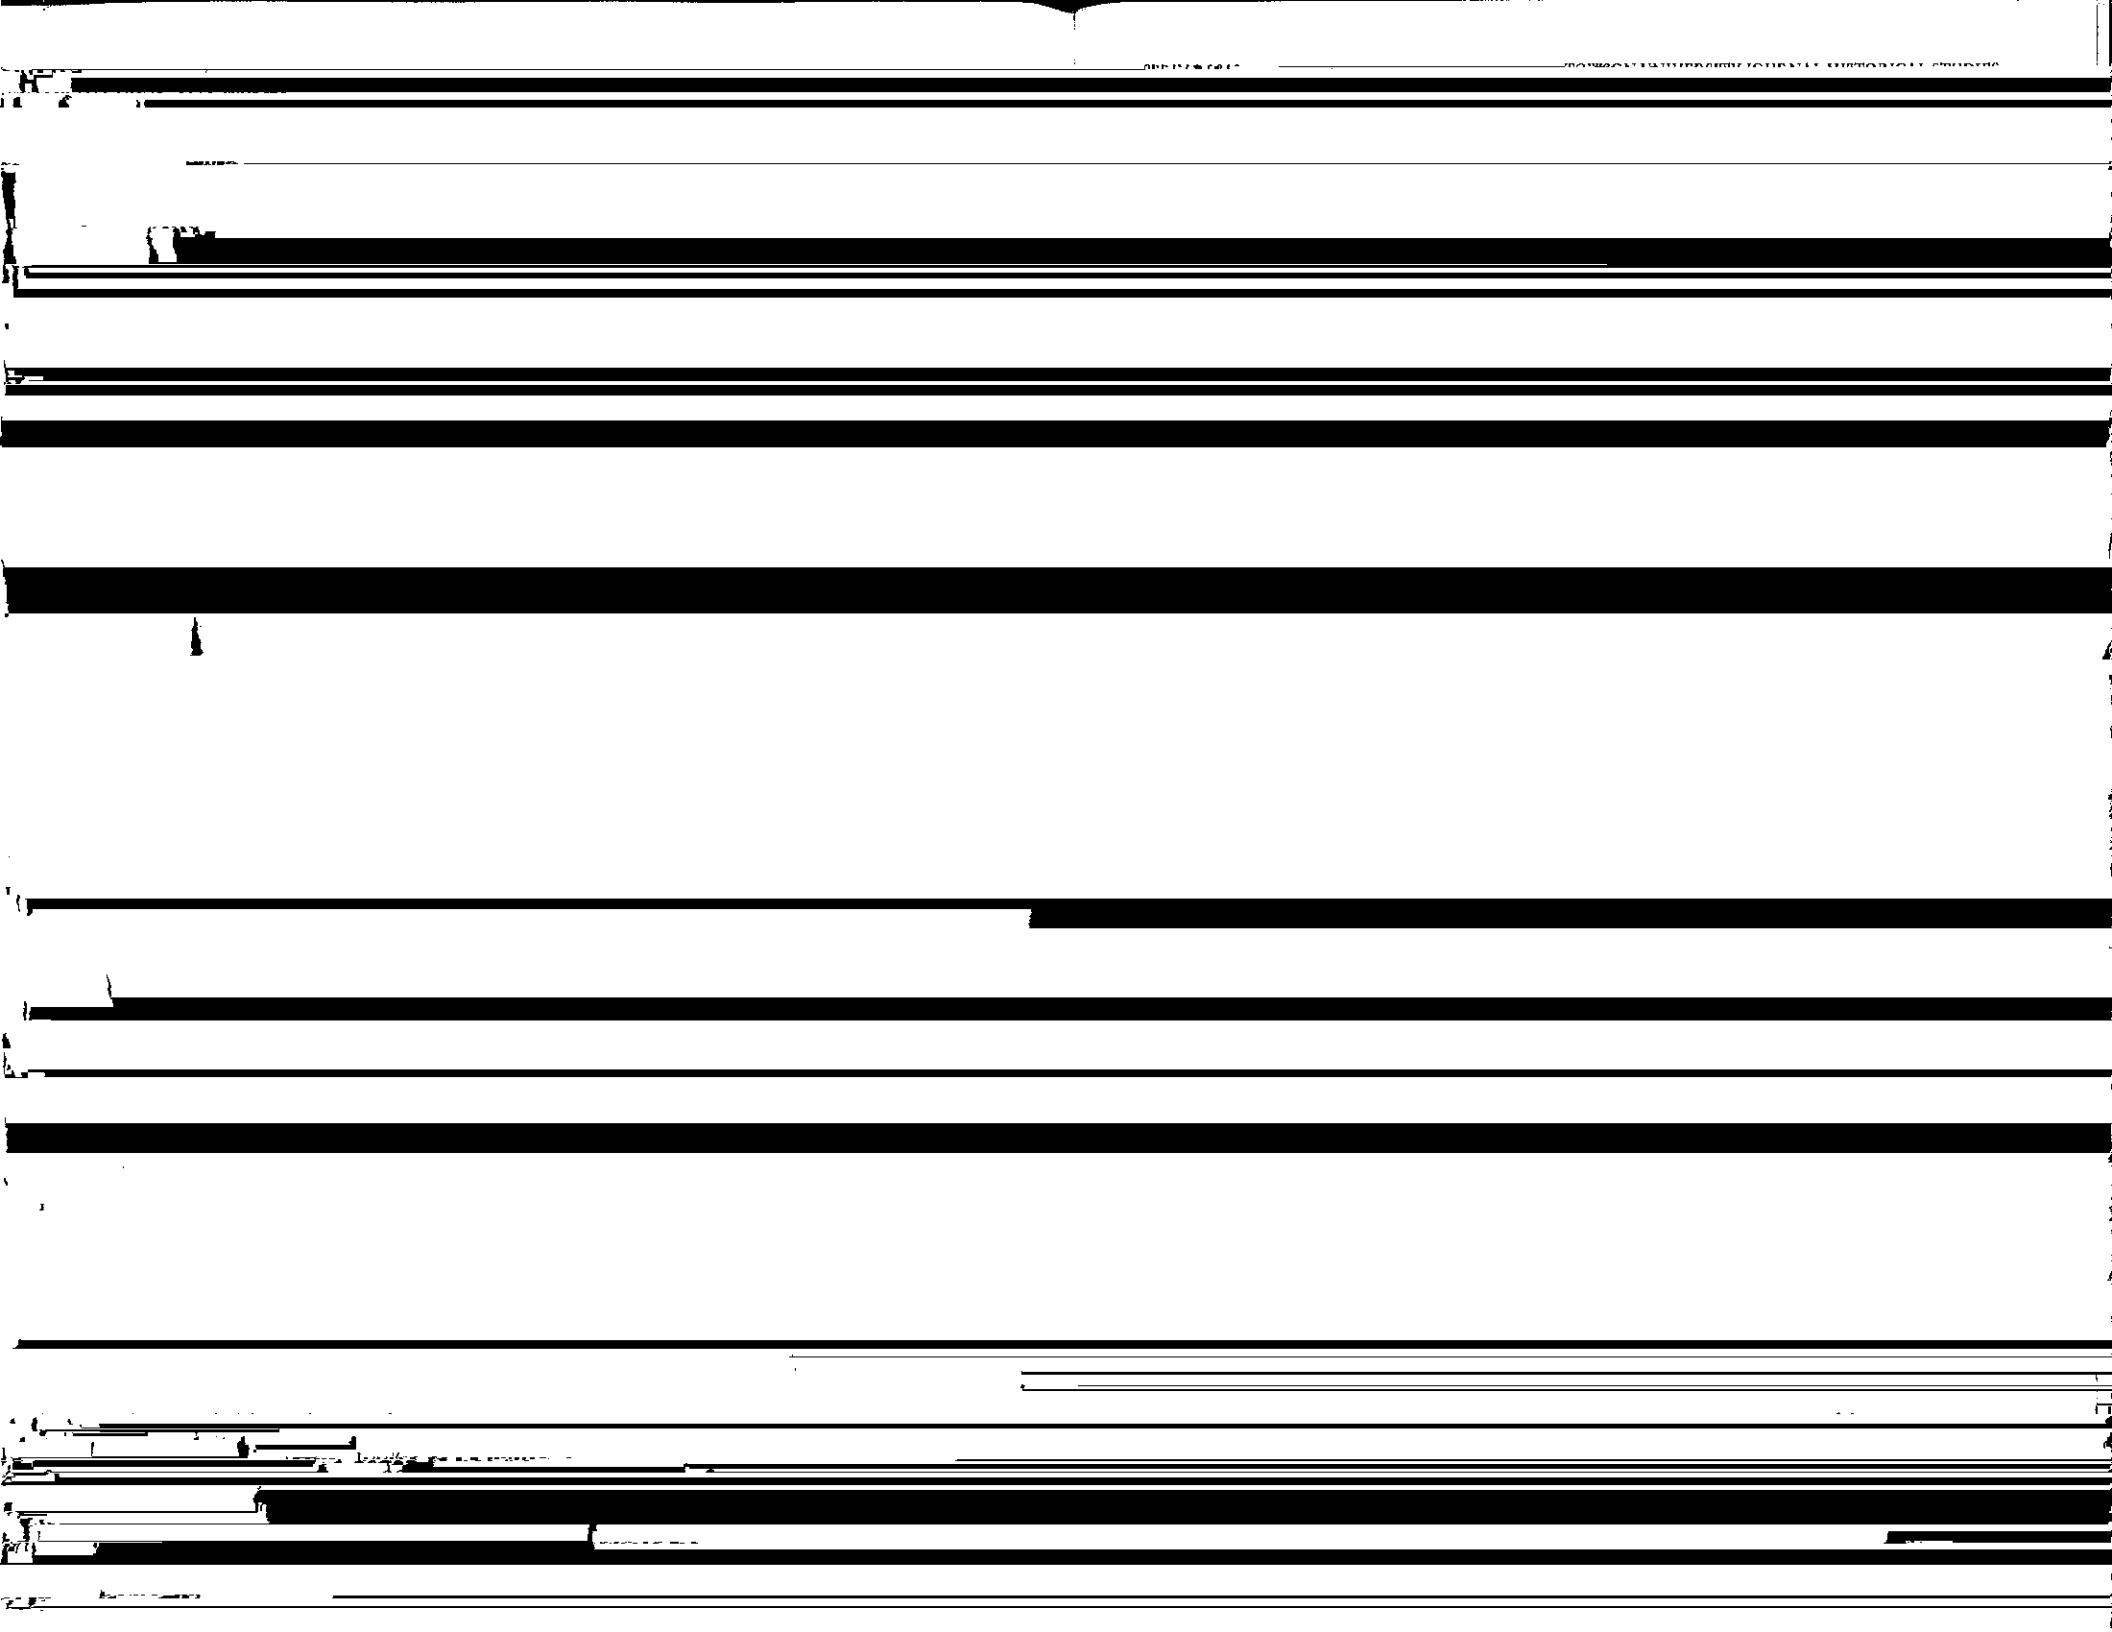

of Dickinson had left the area. Clark was "very anxious to have that done

able to foster positive relationships with the Shoshone tribe with the area

Though Lewis and Clark were unsuccessful in establishing diplomatic relations between the Native Americans and the United States, they did alter

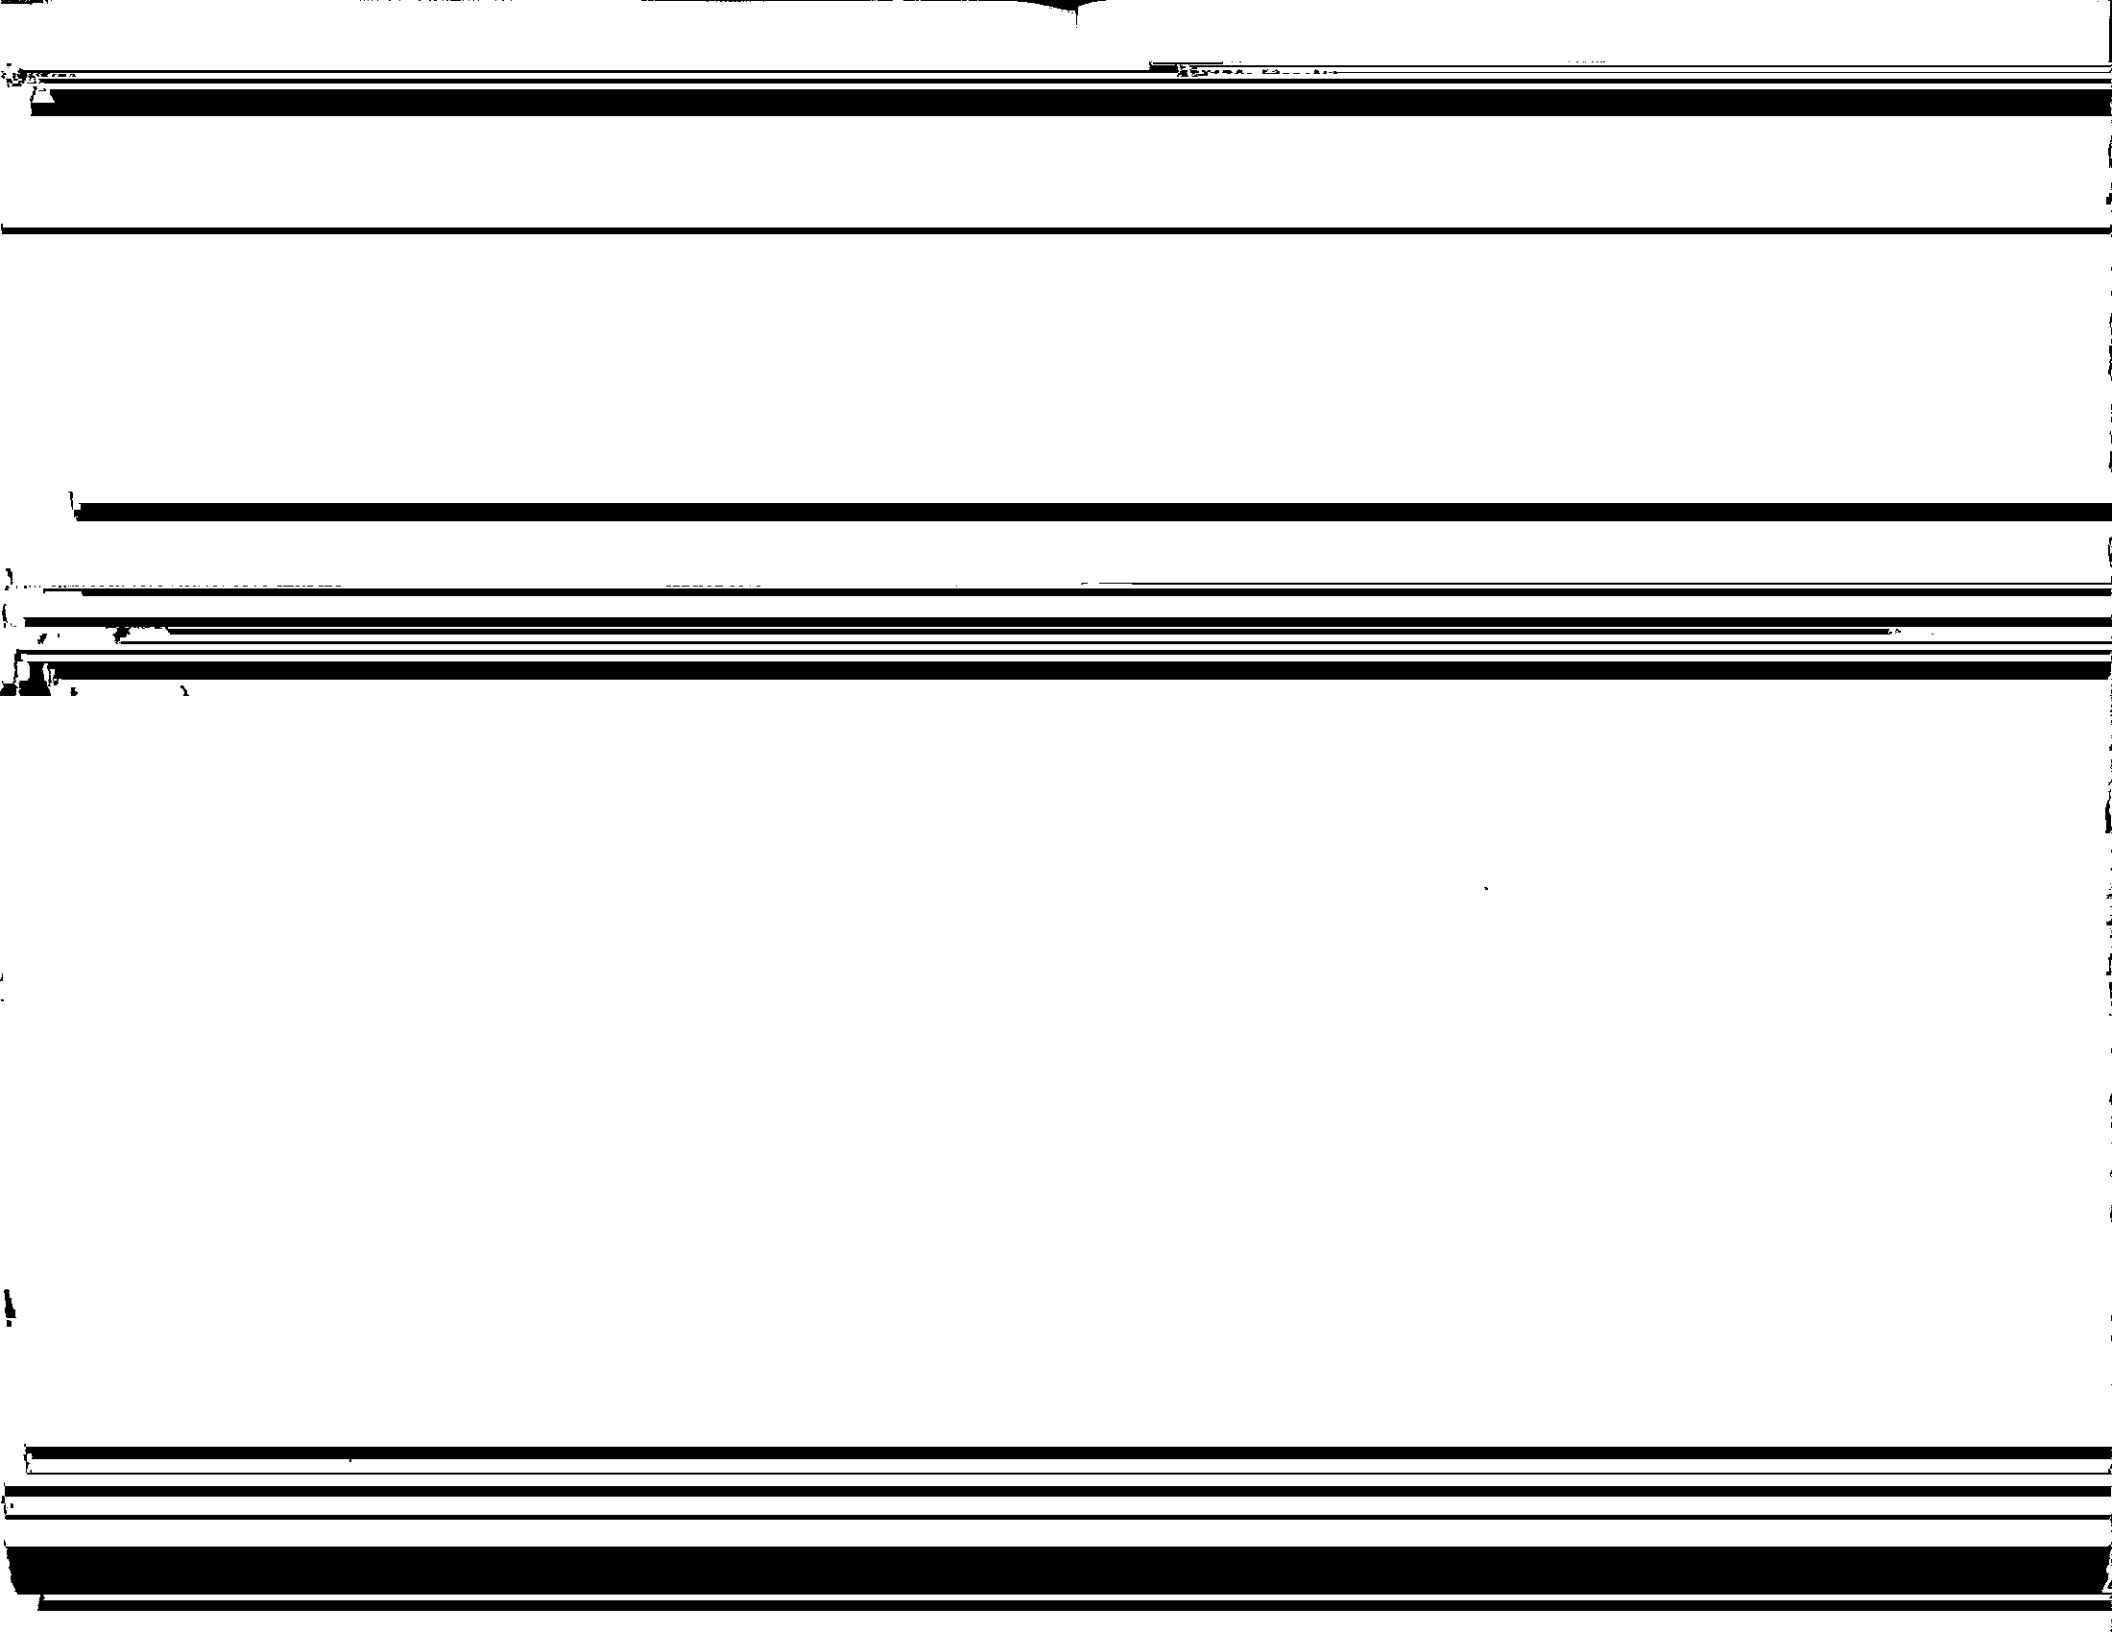

Endnotes

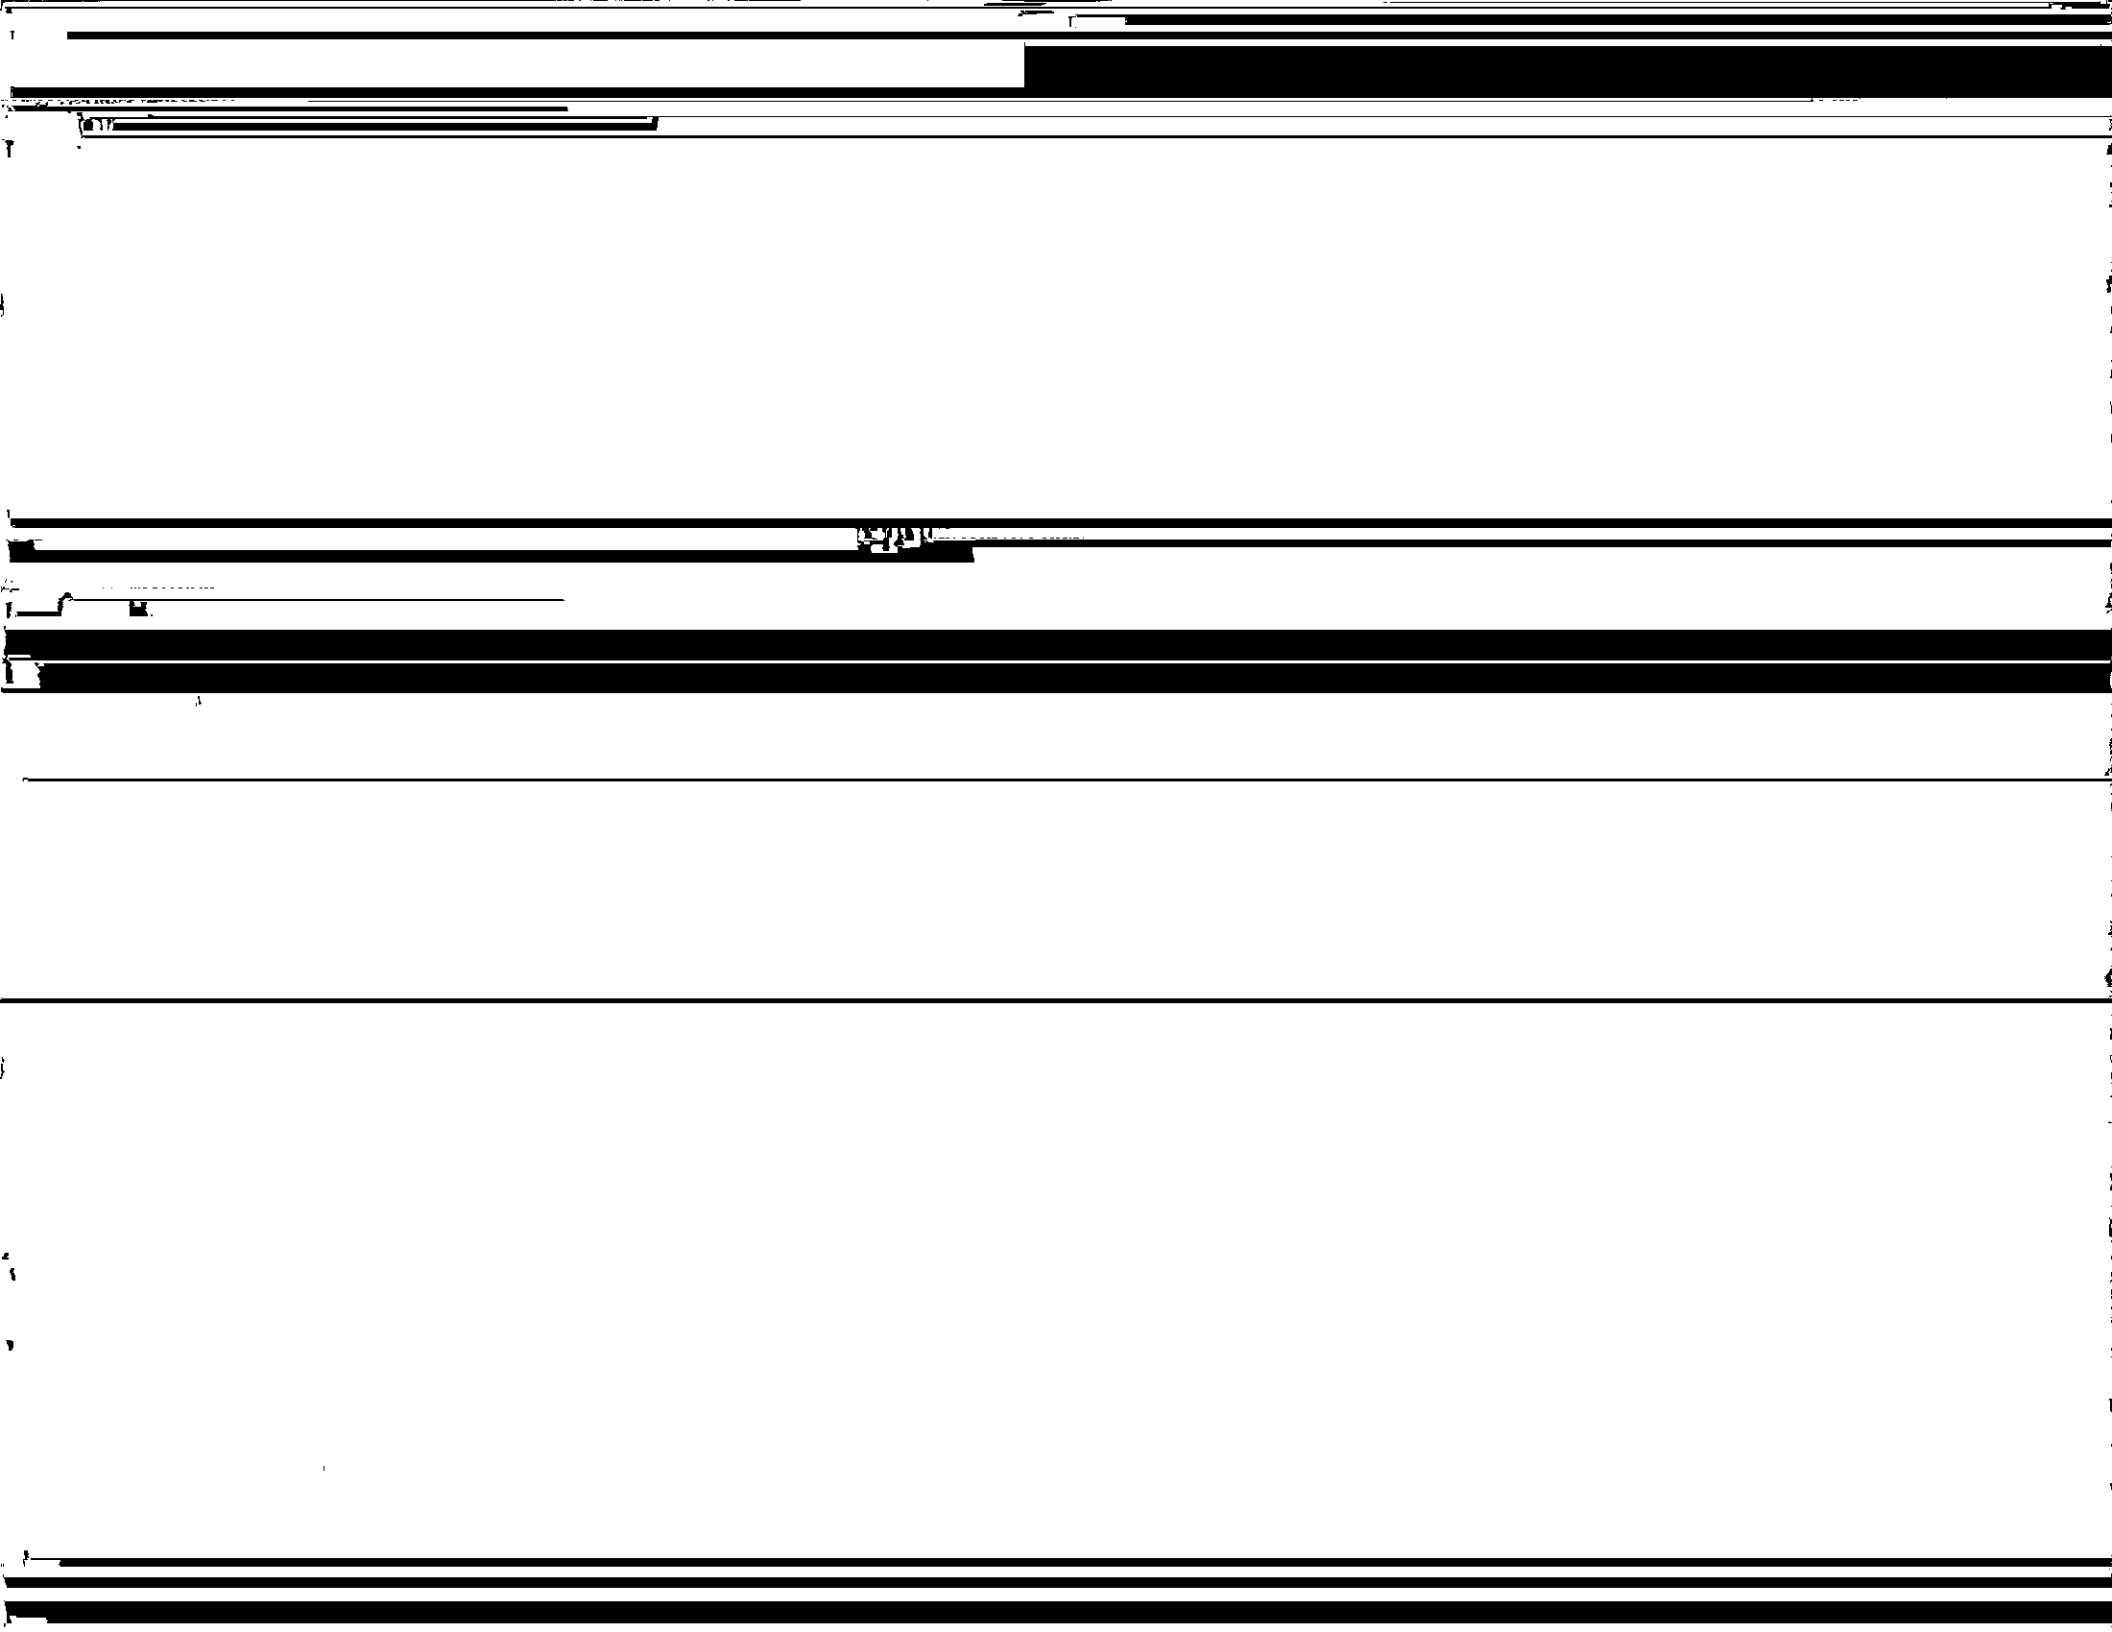

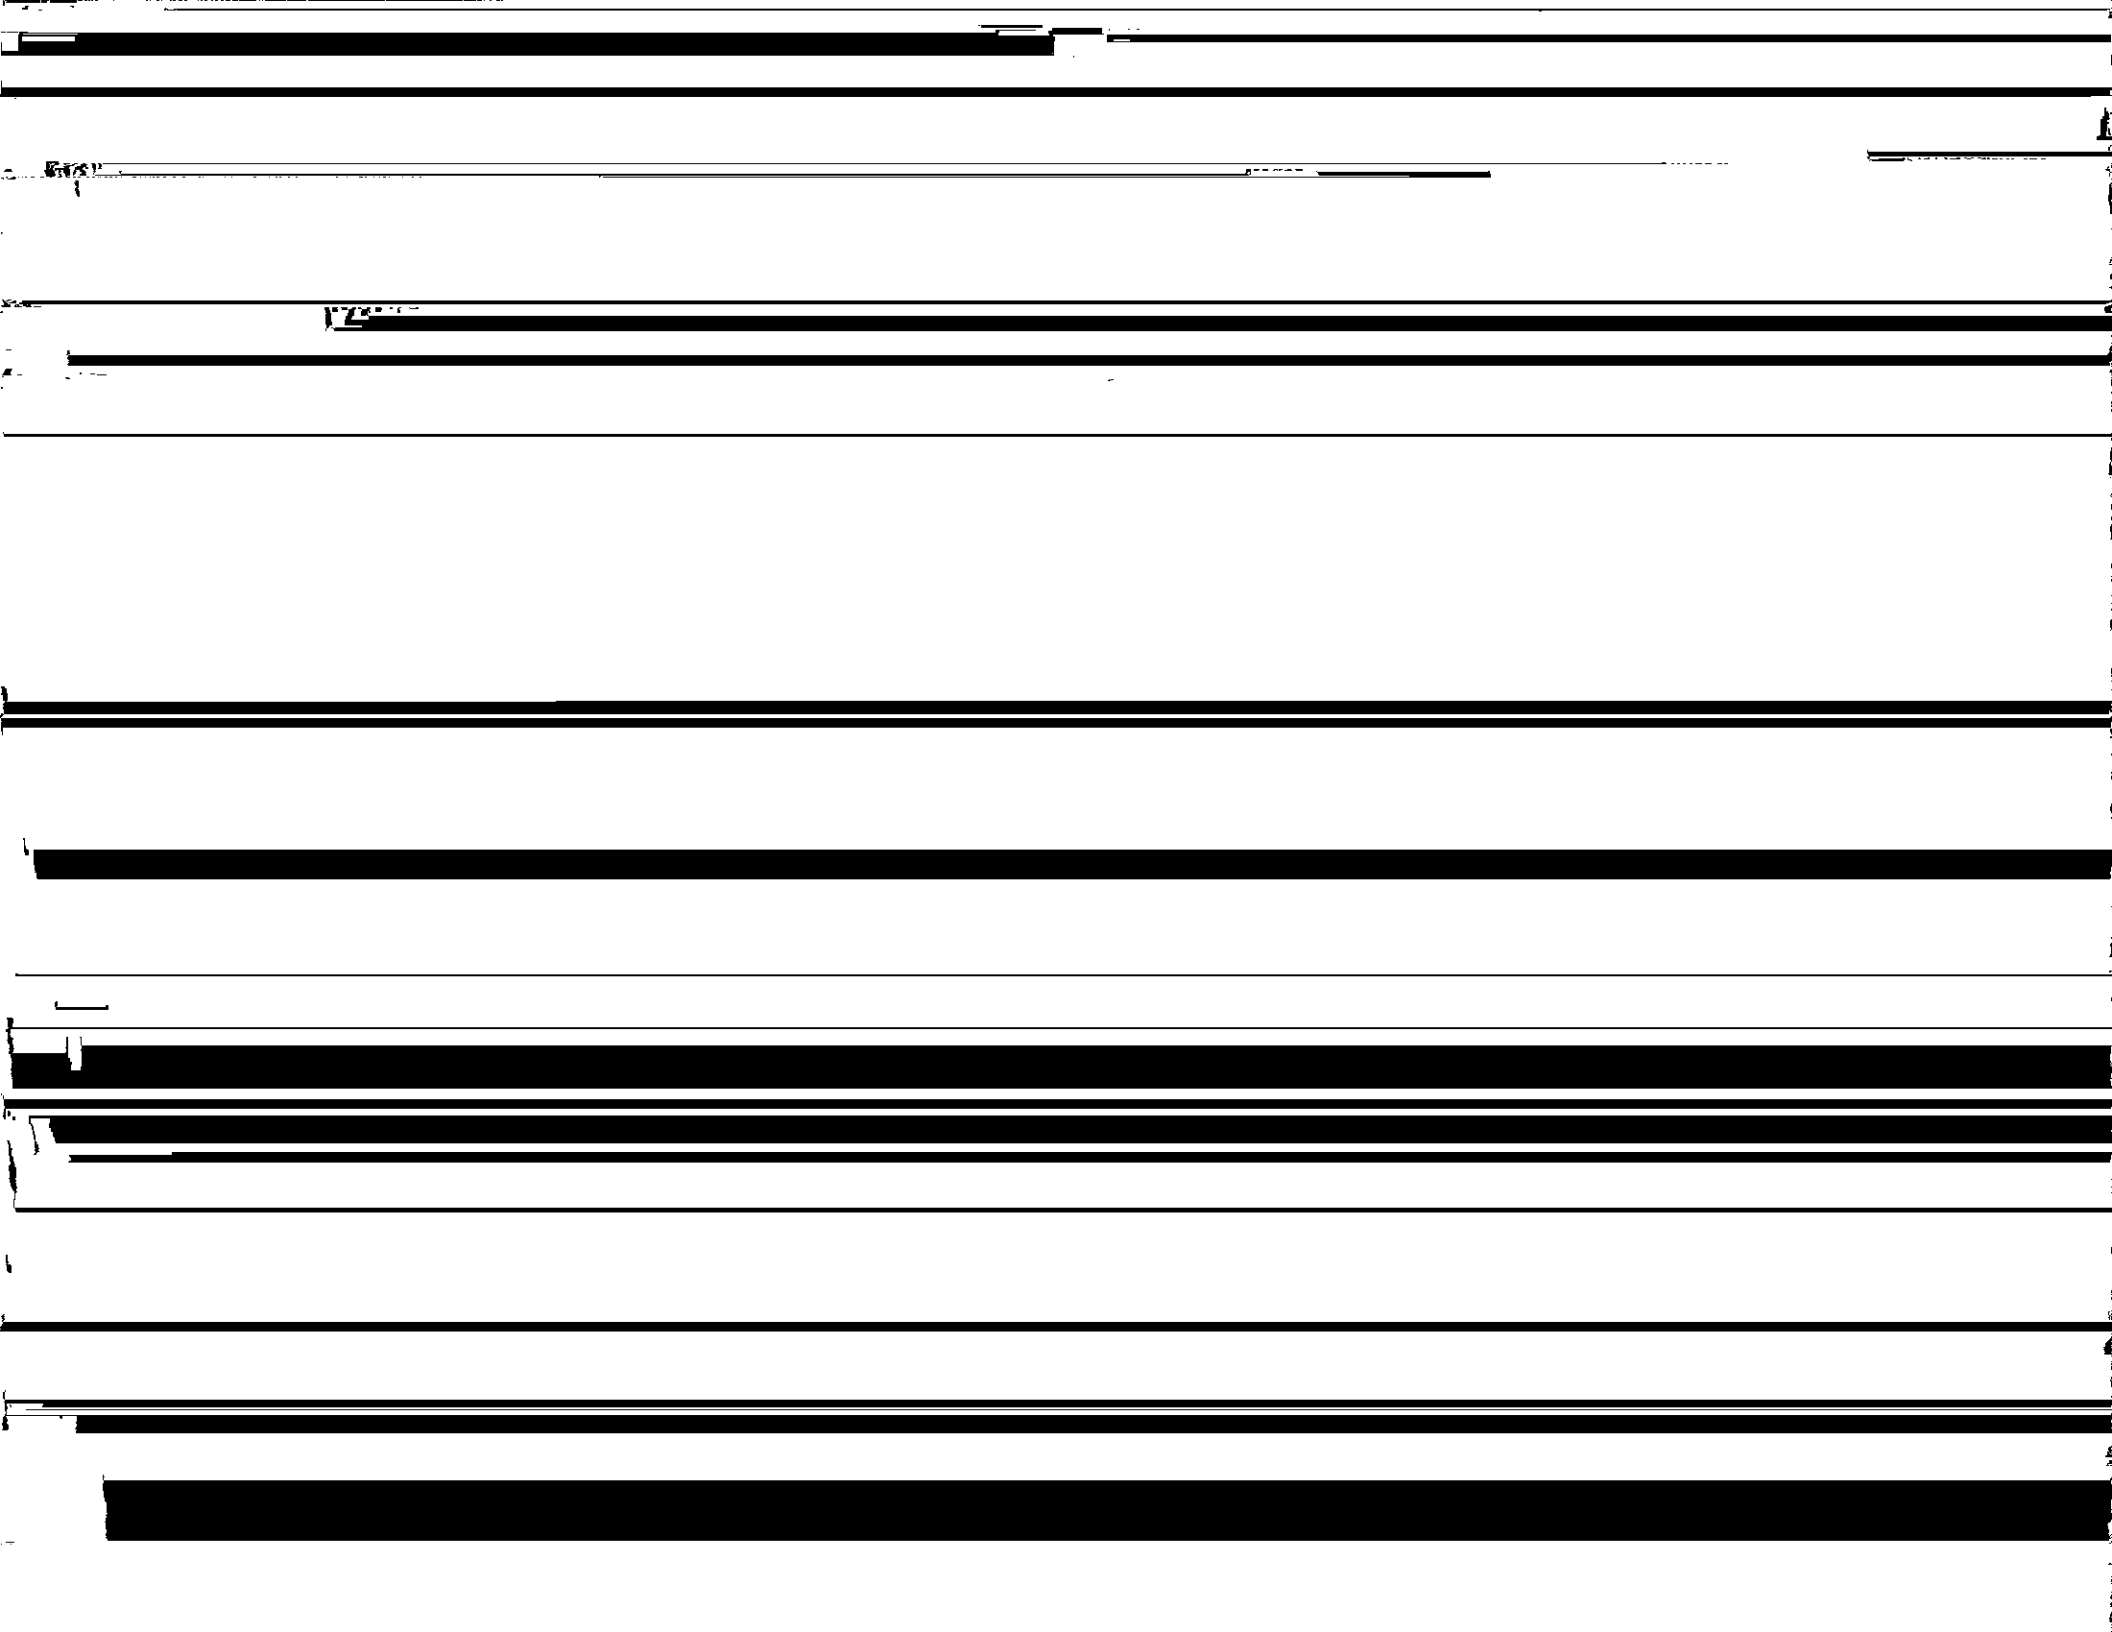

situation many children had to deal with was the increase in family

support in the USA for a variety of public policy and foreign policy initia-

of course always formulated in French" also making the ordinary pass

The Medieval Friars in Literature and History

John Stachura

Composing the Canterbury Tales from the background of estate satire, Chaucer treated the typical friar as a comedic type, a stock character
