

## Celebration of Scholarship & Learning Planning Guide

The Celebration of Scholarship and Learning represents an opportunity for the entire Towson University community to recognize the accomplishments of Honors College students. For students presenting at the conference it is a valuable way to integrate experiential learning or academic and career plans, to share this knowledge with others, and to learn from the accomplishments of one's peers.

The Celebration of Scholarship and Learning is held twice a year-once in early fall during Family Weekend and again typically in March or April. The majority of Honors students who present posters during these events have recently completed an experiential learning experience for which they will earn Honors credit, such as conducting research, studying abroad, or completing an internship.
