

Information about tuition, fees and other rate structures for undergraduate and graduate students is presented here.

Summer 2019 Rate Structures

Towson University has campuses and special programs across the state of Maryland and abroad, which affect the rate structure. Tuition and fees are assessed based on the class level (undergraduate or graduate) and which campus the class is held; not by the student career. The student career may be used for other special fees. Different rates may apply to special programs- see below. Lab/class fees apply to certain courses and the amount varies depending on the course. Audit courses are billed at the same rate as unit courses.

Please note that Towson University reserves the right to make changes in tuition, fees and other charges at any time such changes are deemed necessary by the university and the University System of Maryland Board of Regents.
